

Chester Rivas

Front End Developer

Toronto, ON M3A 3A8

C: 416-524-5815

E: chester.rivas@gmail.com

W: crivas.net

BACKGROUND: I'm a Front End Developer who started off his career as a web-designer, later moved into Flash Development and now a passion for various front end technologies such as JavaScript Frameworks like Knockout.js and Angular.js. I would classify myself as a Front End Developer with an eye for exceptional design and user experience. I've had previous team lead experience. I'm also very interested in learning backend technologies.
